SUGGESTIONS ON TEMPERANCE.

ED. CHIEF:-The Temperance wave being now rolling, it will, doubtless, be the all-absorbing topic of conversation in the parlor, at the street corner, and occupy more or less space in the columns of our newspapers. The point simed at, if attained, is, no doubt, a good and great one, to wit: The prevention of drunkenness, (i call things by their names). A free expression of the varied views of the thinking portion of the community, will, doubtless, be produc-tive of some good. That my remarks may not be misconstrued, I say, at once, that I am in favor of emperance in everything.

The Temperance movement, as it is carried on, has

be filled. The orator will say, "young men, stay at home." Now, where home is pleasant, young men may stay at home, more or less; but home is not always pleasant, and young men feel the want of a lit-

tle change once in a while, anyhow. The orator will

try to meet this by having the Temperance Club meet one night a week; and that is all he offers. I

claim that this will not fill the void. Our young

folks do not recr like us our looks; they beet some recreation of some sort, and if they do not find it one way, they will be apt to hunt for it another way. I say, give us something for them; some pastime of some sort, that will be promotive of good, and at the same time pleasant and healthy, not only for the body, but for the mind also. Give us something for

our young men, for our young women, for us and our wives, something in which all of us can partici-pate. I do not believe in anything that would ex-clude our wives, or our daughters. Let us have

some place of resort, where we all can meet in so

ciability, not only once in a week, for we cannot all

be ready at the same hour, but every day, in after-

noons and evenings. Let the room contain the main papers and periodicals of the day. Let it contain a good library. Let it contain innocent games. Let it contain whatever is conducive to innocent recrea-

tion, elevating to the mind, refining to the manners

it will be patronized by all, thereby smeliorating the standard of sociability of our little towns. There

we could all meet on neutral grounds. Old men

would delight in finding something to their liking to read; old ladies would find other ladies to converse

with; young men and young women would read the literary productions of the day, have a game of

chess, draughts, or anything else provided; and all

could pass an hour or two every day, very pleasant-

ly. I dare say, that every one who takes the blue

ribbon conscientiously, and many others, would be

It is true, it would require some outlay. A suita

ble room would have to be provided. Do not socie

ties of all sorts provide rooms for their requirements! Some suitable keeper would have to receive a cer-

tain remuneration, to keep everything in good order. Also, books, papers, etc., would have to be paid for.

We have to pay for all our luxuries; and I dare say,

that one-fourth of the money spent at the dram-shop would keep everything up in good style.

I am altogether in favor of woman's rights. I think woman as good as man, and often better. As

we are now situated, young women have no place of

recreation open to them. They need recreation as

well as young men, and as their society is of material benefit to them, they should have a fair chance to

Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases, caused by derangement of the stomach, liver, and lowels, which require prompt and effectual treatment. Ayrais Pittls are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

Aym's Pills are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Billousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colie, Gripes, Diarrhæa, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered

As a Dinner Pill they have no equal.

While gentle in their action, these Pills are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.

Prepared by Dr. J. C. Ayer & Co., metical and Analytical Chemists, Lowell, Mass.

Ayer's Hair Vigor,

NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the umors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair,

The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
